To: <phernandezramos@scu.edu>

Dear Pedro,

I am the Assistant Director of Outreach for The George Lucas Educational Foundation. When I came to GLEF I was given the task to start the formation of a Faculty Associates Program, an ongoing project designed to expand GLEF's national and regional involvement. The idea was for GLEF Faculty Associates to be a nationwide network of education professors, instructors, and other teacher educators who incorporate GLEF's documentary films, website (www.glef.org), and other materials in courses and trainings for educators, presentations, and any venue that helps the larger public to see innovative/best practices in education.

Dr. Milton Chen has said about the people chosen to be in the first group of associates, "The Faculty Associates are inspirational leaders to showcase 'best practices' in education in the Digital Age as they represent GLEF throughout the country through this honorary designation. These accomplished individuals share our conviction about improving our schools through project-based learning in classrooms, by developing skilled educators and supporting involved communities."

You have been nominated for the 2004-2005 Faculty Associate Class. I think you would be a fabulous GLEF Faculty Associate and I hope we can have a chance to talk. Is there a time either Wednesday or Thursday of next week that I can call you?

Sincerely,
Marian
